

Vintage Valentine Tussie Mussie

Materials

Scrap cardboard	Glue gun
Vintage music paper	Cardboard Cone (7" x 3")
Pink Glitter	Vintage tinsel trim
Modge Podge	Ribbon (for hanging)
Sizzex Big Kick die	Homemade aging spray
cut machine (optional)	
Heart die (optional)	

Directions

- 1 Cover cone w/vintage music paper:** Cut out a piece of music paper to cover the cardboard cone. Leave enough excess around the top so you can fold that excess into the cone to leave a nice, covered edge. (There's a rough pattern on the [blog post](#).)
- 2 Make heart embellishments:** Cut 1 1/2" to 2" inch hearts, using a Sizzix Big Kick die cut machine and heart-shaped die, or just cut one free hand with scissors. Brush Modge Podge onto one side of the heart and sprinkle on pink glitter. Press lightly. Allow it to dry.
- 3 Make rosette embellishment:** Cut a 2" x 6" piece of music paper and fold into a fan, making each fold approximately 1/4" wide. Fold in half and hot glue together. Fold in half the other direction and glue together. Put dabs of glue between folds (at the center) to create/hold round rosette shape. (See [blog post](#) for photos.)
- 4 Glue on ribbon loop:** Glue a loop of ribbon to the back of the tussie mussie for hanging.
- 5 Glue on tinsel trim:** Hot glue the tinsel trim (or lace, rick rack, or other trim) around the edge of the cone (covering the ribbon from step #4).
- 6 Glue on rosette:** Glue glittery heart onto the music paper rosette, then glue the rosette onto the front of the tussie mussie.
- 7 Age the Tussie Mussie:** Lightly spray the tussie mussie with a solution of strong coffee and a pinch of alum. (The alum keeps the coffee fresh.)
- 8 Add candy & hang:** Fill the cone with decorative shredded paper and add the candy of your choice. (I used pink milk chocolate Kisses.)

Enjoy Your Vintage Valentine Tussie Mussie!
